Summer Internship Snapshot

What will you do ~ What will you gain?

A Rare Opportunity

Our summer internship is best suited for young people wishing to gain experience providing long-term-care respite and recreation services for care-partners and people living with physical and cognitive disabilities.

The summer internship experience can be customized based on your interests, and will include learning, practicing, and developing skills in the areas of:

Hospitality	Serve long-term-care givers & receivers
Marketing	Outreach to a network of providers & families
Administration	Manage the day-to-day back office flow
Horticulture Therapy	Create accessible & joyful experiences outdoors
